

Need a new website?

Small businesses deserve websites that actually work. We build and maintain your entire digital presence, from logo to launch and everything that keeps it running. Two straightforward levels, one monthly fee, no surprises.

STANDARD WEBSITE

£99 / month

Everything included — design, build, hosting & support

Home & contact pages — location, map & opening hours

Sales page — up to 50 items listed

Logo design if required

Business card & invoice design

Domain registration — registered in your name

Hosting & maintenance — security, updates, health checks

One professional email account

STANDARD + E-COMMERCE

£199 / month

Everything in Standard, plus:

Full e-commerce store — photos, descriptions & pricing

Stock monitoring — inventory tracked automatically

Secure payment processing — configured for you

Low-stock notifications before you run out

Simple from day one

One monthly payment. No setup fees. No surprise invoices. We handle everything technical so you can focus on running your business.
